

As someone who lives up in the mountains and has a difficult time picking up local channels all the time, it has been a God-send to have XM Radio -- I get every channel crystal clear. And I hope that MORE not LESS local stations can be included on XM.

DON'T MESS WITH XM. It is wonderful -- one of the best things that has come along in a long time.

Please reject NAB's 04-160 petition.

Thanks, Jerry Jones
